

Size: 1200(H) x 10000(W)mm

Size: 1500(H) x 2400(W)mm

Ultra Low Reflective Enamel Projector Whiteboard 超低反光搪瓷投影白板

Write and Erase on your projected image. To let your teaching and presentation become more attractive and interesting!
可於投影映像上書寫，讓教學或演講變得更生動和有趣！

109-Inch Projected Image 109 吋投寫映像

For whiteboard width with 2400mm plus, 1200mm(H) and 1500mm(H) can have 86-inch and 109-inch projection image respectively. (16:10)

Reduce Eyestrain 減低眼睛疲勞

Unlike backlight from LED devices (e.g. Smart TV, laptops), front light saves your eyes from unnecessary strain.

Ultra Low Reflection 超低反光

Luster Level: under 23% (GS45°).

Multi-function with minimal room occupation 有限空間，發揮最大效能

Whiteboard is essential to every classroom. Now it come up with projector screen features. If installed with an Interactive Projector, it turns to a big touch screen.

Seamless without conjunction 無縫板面

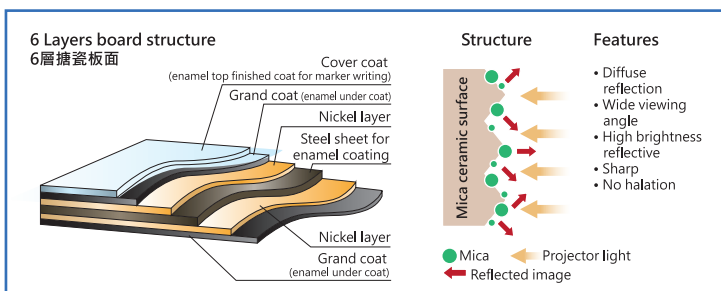

All whiteboard can be finished in one-piece without conjunction. We can tailor-made to fit your classroom size.

Clear & Wide View Angle 清晰及廣視角映像

With mica technology, the wide view angle provides clear projection image for viewers from different angles (seats).

Durable 耐用
